Profile

Senior Product Designer with over 20 years of experience in design and a strong background in digital products, responsive platforms, and B2B experiences. My career began in graphic and web design and evolved into UX/UI and Product Design - a combination that enables me to connect visual clarity, business needs, and technical feasibility.

I work from problem understanding through development handoff: organizing requirements, journeys, and user flows; creating wireframes and prototypes; structuring interfaces; and supporting implementation alongside stakeholders and engineering teams. I also use generative AI and coding tools to accelerate exploration, documentation, and experience development.

Core Skills

Product and UX	Product Design • UX/UI • information architecture • user journeys and flows • wireframing • prototyping
Interface Design	Responsive design • design systems • accessibility • UX writing • developer handoff
Collaboration	Requirements gathering • stakeholders • multidisciplinary teams • Agile • Scrum
Technology and AI	HTML • CSS • JavaScript fundamentals • WordPress • Git • Codex • Claude Code • generative AI

Professional Experience

Senior UX/UI Designer | WebSupply

2022 - present

B2B and enterprise digital products for procurement, suppliers, and corporate operations.

Translate business requirements and complex rules into clear user flows, wireframes, responsive interfaces, and interactive prototypes.

Work closely with product, stakeholders, and engineering teams, supporting decisions, refinements, handoff, and implementation follow-up.

Contribute to the evolution of the design system and consistency across requisition, catalog, quotation, contracts, supplier, and receiving modules.

Also design digital experiences and corporate communications for companies in the automotive, consortium, and service sectors.

Web Designer and Digital Learning Designer | SENAI São Paulo

2014 - 2022

Digital experiences for professional education, combining content, interface design, and technology.

Designed responsive interfaces, digital learning objects, campaign websites, and visual materials for courses and digital initiatives.

Collaborated with multidisciplinary teams to structure content and translate educational requirements into accessible, easy-to-use experiences.

Supported the visual and technical evolution of learning solutions used across different institutional contexts.

Independent Design Consultant | Independent projects2012 - present

UX/UI, website, digital product, and visual identity projects for companies and independent professionals.

Define scope, architecture, flows, interfaces, and prototypes, also supporting implementation when needed.

Developed solutions for education, services, food, mobility, content, and social initiatives.

Maintain long-term client relationships through consulting, product evolution, and technical support.

Graphic and Digital Designer | Municipal Department of Environment2006 - 2012

Visual communication for public, environmental, and community initiatives.

Created institutional campaigns, visual identities, print materials, websites, and digital content.

Translated technical and environmental topics into clear communication for different community audiences.

Education

Postgraduate Certificate in User Experience Design • Universidade Anhembi Morumbi - UAM

Postgraduate Certificate in Learning Technologies • Centro Universitário SENAC

Bachelor's Degree in Industrial Design • Centro Universitário Belas Artes de São Paulo

Courses

UX Design - Mergo User Experience • JavaScript - Impacta • Web Design – DRC

Tools

DESIGN	Figma • FigJam • Miro • Photoshop • Illustrator • Premiere Pro
DEVELOPMENT	HTML • CSS • JavaScript fundamentals • WordPress • Git
APPLIED AI	Codex • Claude Code • generative tools for image, video, voice, and prototyping

Languages

Portuguese: native • English: intermediate • Spanish: intermediate
